RNGD

PROJECT RENEGADE — LIVING + LODGING PROTOTYPE

Schematic proposal generated from the program

AI-generated concept schematic — not for construction

Summary

Program	Project Renegade Living + Lodging Prototype, cover sheet (06/20/25)
Keys	117 in 9 unit types
Net program area	59,350 SF in 28 program rows
Gross area, source sheets	74,195 SF (ratio 1.25)
Gross area, meeting rule	85,300 SF (33% circulation + 8% walls, rounded up to 100 SF)
Gross area, this schematic	76,508 SF over 6 levels
Massing	Level 1 234 x 58 ft; guest floors 217 x 58 ft; 69.8 ft to roof
Keys per floor	Level 2: 24, Level 3: 24, Level 4: 23, Level 5: 23, Level 6: 23
Code screen	13 pass, 1 fail, 1 assumed

Failing checks: Stories above grade (IBC-R1-007: required $\leq$ 5 (Type IIA, sprinklered R-1), provided 6).

The drawing set follows the RNGD Living + Lodging sheet format: an overview sheet with the axonometric and the gross-area, room-count and space-allocation schedules; colour-coded plans with column grid, dimension strings, doors and furniture; elevations with an indicative prefab panel breakdown; enlarged plans and 3D views for every unit type. Each sheet is also saved as a PNG in `reports/final/sheets/`.

Drawing set

Sheet	Content
G001	L+L overview: axonometric, gross area, room count, space allocation
G002	Code screen and program summary
A001	Site plan
A101	Floor plans: Levels 1 & 2
A102	Floor plans: Levels 3 & 4
A103	Floor plans: Levels 5 & 6
A201	Elevations with indicative panel breakdown
A401	Enlarged unit plans
A402	Enlarged unit plans
A501	Unit 3D views (interiors)

Appendices after the drawings: program, gross-area reconciliation, code checks, the full RNGD IBC rule set, RNGD workbook tables, assumptions, open questions and sources.
